Kurt Hayes

Republican for
State Representative

Balance and Accountability

Single-party rule has fostered a culture of corruption, back-room deals, and arrogance in our State House. Legislation is rammed through without debate, and abuses of power go unchecked. You deserve transparency and diversity of thought to hold state government accountable to you. It's up to you to restore balance with your vote on November 2nd..

Jobs and Small Business

I am an advocate for free enterprise who believes that lower taxes and less burdensome regulation can encourage economic growth and create jobs. The state government must help create an environment that will allow Massachusetts to compete for employers and jobs needed to work our way out of the current financial crisis.

Taxes and Government Spending

While you have tightened your personal budget to live within your means, our state government continues to burden our children with massive debt. Beacon Hill politicians have avoided the tough decisions and real reform we need today for a brighter future tomorrow. I believe we must roll-back recent tax hikes and do a top-to-bottom review of the state government to cut waste and restore your trust.
